“DON’T GAMBLE WITH LIFE, USE A CONDOM”

-:INTRODUCTION:-

Cupid Ltd. is pleased to introduce themselves as a leading manufacturer of quality condoms. Since the world is very much concerned to control the AIDS & STD and very keen about uncontrolled growth rate of population. Cupid has an important role "To help the world to play safe". We provide sexual safety with more pleasure ... till last.

Cupid was founded in collaboration with world leader Greenmate Corporation (division of Green-cross of Korea) Our ultra modern facility having capacity of 500 millions pieces per annum with pollution control measure is located about 200 KM from Mumbai near the scenic resort town of Nasik.

Cupid commenced its commercial production in Jan.1997 under the strict supervision and training by Korea technicians. At present factory is turned with Three Shifts operation in 24 Hours with employed technicians with wide experience in production , maintenance and quality control.

Cupid gives first priority to the quality –100 % on line electronic testing facility provide the maximum warranty to eliminate the Pin-Holes. Cupid laboratory is fully equipped with latest instruments to control the system of analysis from incoming raw material to final dispatch of product. Lab has been provided with sophisticated apparatus like air inflation tester to check the bursting volume & pressure, tensile tester to check physical properties and water leakage tester to check the pin holes. Further Aging oven and seal integrity testers are also there to check appropriate tests at each stage during the production.

Cupid is consuming best Raw Materials which are brought from internationally accepted manufacturers. The process and production parameters and quality control procedures are followed based on written GMP (Good Manufacturing Practice) and documented procedures. Our product confirm to stringent international standard such as Schedule "R", EN-600, WHO, ASTM, ISO, BS etc.

Cupid offers the various types of condoms such as Plain, Dotted Colored with or without flavor and spermicidal under international known and accepted brand names such as Green- love, Big-Dom and Hi-Life etc. which could be offered besides customers own brand.

Cupid is manufacturing and successfully marketing condoms to Korea, Russia, South Africa, Australia, and 10 to 12 African countries, UK, Turkey, & Latin American countries including some institutional customers like Govt. of South Africa, UNFPA. Cupid has started supplies to Ministry of health, Govt. of India under for their family planning program. Company has launched their Green Love brand premium condom in India. In this short span Cupid got ISO 9001: 2008 certification/ CE mark certification / US FDA 510 K / and State FDA GMP/ WHO GMP .

Cupid means Quality and Safety with pleasure...till last !!
